

133. Long pavane

John Johnson

1) 2 bracketed notes added by editor to complete cadence.

2) "a" in orig. clashes with "e" on 2nd course. The 5th chord I am tempted to make a/x/c/x/a/e.

¹⁾ Sic. But substituting "c" on 4th course might be more pleasing

2) sic. But these might also be "e's" to be less weird.
